1. What plans and policy documents have been prepared (or are being prepared) by your agency that should be incorporated into the EGPR?

2. What programs does your agency administer (including funding programs) that may be affected by the EGPR and the new state planning priorities?

3. Who are the key staff people in your agency that OPR should contact regarding the above plans and programs and who would be appropriate for OPR to invite to technical working groups?

4. What are some of the interagency and intra-agency policy conflicts you are aware of that should be addressed by the EGPR?

Please feel free to attach additional pages if necessary.
